- 2.1 Internal Audit operates across the council and helps it accomplish its vision by bringing a systematic, disciplined approach to evaluating and improving the effectiveness of risk management, control and governance processes.

3 BACKGROUND AND MAIN CONSIDERATIONS

- 3.1 The main purpose of the report is to provide the Audit and Risk Assurance Committee and the Section 151 Officer with an opinion on the adequacy and effectiveness of the council's governance, risk management and control processes. The contents of the report also provide one element of the evidence that is required to underpin the council's Governance Statement.
- 3.2 It details the performance of the internal audit service via a series of performance indicators set by the Audit and Risk Assurance Committee, the return of customer satisfaction questionnaires and the internal quality assurance programme.
- 3.3 It summarises the audit work undertaken during the year in a tabular format. This includes:
- the areas subject to review during the year (Auditable Area)
 - the level of risk to the council assigned to each auditable area (high, medium or low)
 - the number of recommendations made as a result of each audit review details of other work undertaken outside of the original plan
- 3.4 Finally, it provides a summary of the key control issues that arose during the year that in the opinion of Audit Services should be brought to the attention of the Audit and Risk Assurance Committee and the Section 151 Officer.
- 3.5 Where appropriate, the key recommendations made during 2017/18 will be followed up by Audit Services during 2018/19, in order to ensure that they have been satisfactorily implemented. Where, they have not, reasons will be sought for their non-implementation and this will be further reported upon.
