# Development of the Framework

# Outcomes Framework

**I will live a healthy, happy, fulfilling life**

**I will have a good experience of care and support**

**I will live in a thriving community**

Best start in life

Family and friends who provide informal care are well-supported

People have choice and control of their health and wellbeing

Good mental health and wellbeing

Access to the right support in the right place in the right time

Active, connected and engaged communities

Leading a healthy lifestyle in a healthy place

The best care for long-term conditions and complex needs

Safe communities

Reducing health inequalities

Best possible end-of-life care

Access to housing, leisure and transport that supports individual aspirations

# Priority Area selection

- Creation of a series of Network Benefit Maps (Logic Models)
- Areas where greatest benefit for local people
- System approach (linking to existing priorities)
  - **HWB Priorities**
    - 1 – We will help people stay healthier for longer
    - 2 – We will help keep people safe and support communities
    - 3 – We will work together to join up services
    - 4 – We will work closely with local people, partners and providers of services
  - **Sandwell's 2030 Vision**
  - **NHS Long Term plan**
  - **Black Country STP footprint**
- Measurable over five years +
- Ability to benchmark how we are doing
- Upstream prevention
